Command Dog Training School (CDTS) is the longest running & most respected professional dog training company in Melbourne. It is often recommended as the school of choice by veterinarians, local councils, pet shops and other pet industry businesses.

Established in 1989, the school has won numerous awards for its outstanding customer service. This success has been achieved through honesty, fairness, commitment to best practices in training methods, customer focus and continuous self-improvement. Moreover, the school has won numerous customer service awards including the Fair- Trading Award (Office of Fair Trading & Business Affairs) and a Leader Business Achiever award.

They say that the best asset a company can have is its staff. This rings absolutely true at CDTS. Our Instructors are ardent in their work which is reflected in the high standards achieved by dog owners and of course, their dogs. The school's instructors are qualified and nationally accredited by Australia's leading industry bodies, **AAPDT (Australian Association of Professional Dog Trainers Inc)** and **DTA (Dog Trainers Australia)**.

Unlike many so-called dog trainers of today who claim they are behaviourists after doing a short course in dog training, CDTS Instructors are all fully qualified and experienced hands-on trainers. Furthermore, they have a minimum of five years in the industry; have trained their own dogs to Advanced and some to Competition levels. This criterion underpins the quality of training our customers receive. As a customer you can be assured of a qualified industry expert teaching you to understand and train your four-legged pal.

There are many other reasons why dog owners choose CDTS over other trainers. As a dog owner if you are looking for a program that is structured, provides clear learning outcomes at each session and small learning groups (**class limits a maximum of 8**) our school is suited to your needs. Training in small groups ensures all participants receive personalised attention and assistance with their dogs and dog problems. Furthermore, unlike other schools or clubs, each class has a dedicated instructor who remains with the group from start to finish. The school is so confident with its service it **guarantees*** all its programs.

As a professional dog training educator CDTS understands the importance of improvement. Consequently, it is continually upgrading its instructor skills by holding regular workshops facilitated by Nationally Accredited Trainer Basil Theofanides and through attendance of industry seminars such as *Both Ends of the Leash* with Dr Patricia McConnell & *Foundation Course in Canine Communication* with Jan Fennell (aka The Dog Listener), *Unleash Your Pack Power* with Cesar Milan and more recently Steve Austin's *Dangerous Dog Handling and Assessing* seminar. Additionally, its management systems are audited by DTA ensuring industry best practices are adhered to.

10 Reasons why Command Dog Training School is the right choice.

AIMS

This is our most popular course for pet dog owners and runs for eight 50-minute sessions over eight weeks with *guaranteed* results. In this course, you will be able to achieve a fundamental level of control with your dog by learning to communicate effectively, thus creating a greater bond. Socialisation and sociability training is integral to the program. The minimum age of dogs is 16 weeks, and they must be immunised.

Unlike disorganised classes run at other clubs or schools, all our courses are structured. Each week you will be taught a series of new exercises, which you will need to practice each day to become proficient. In this manner you will achieve clear objectives in your training, through simple yet effective means. Class size allows a maximum of only ten people. This ensures that each person is given individual help with their problems and exercises. Also, dog owners are taught by the same Instructor each week. Make-

up sessions can be organised for any missed lessons and courses can be suspended for up to three months. We recommend the same person trains the dog throughout the course to ensure progressiveness and avoid confusing the dog with multiple handlers. Further, it is at the Instructor's discretion if a second person is allowed to train the dog at the same time.

What you and your dog will learn: Heel on lead, Social Walking; Sit at Heel; Drop on command with hand signal; Sit and Drop Stay; Recall (come when called); sociability exercises (meet & greet) and much more. Behavioural problems such as the dog jumping on people, digging holes, pulling clothes off the washing line will also be dealt with throughout the program. Furthermore, if your dog is timid, nervous or anxious, you will be advised and taught how to deal with these problems. Please be aware that children must be at least 12 years of age to participate although they may attend as observers with their parent.
